1977

**THE START**

Pendle Sportswear is founded in Sheffield, supplying grassroots football clubs—its first kit hand-cut and delivered personally by owner and founder Phil Hall on a motorway layby.

1980

**NEW HOME IN ILKLEY**

Pendle relocates to Ilkley, setting up in the building that is now home to Piccolino's restaurant.

1990

**GROWTH**

Pendle moves to a larger old corn mill in Ilkley, enabling expansion of its customer base and product range.

2005

**IN-HOUSE CUSTOMISATION**

All customisation moves in-house, improving quality control and enabling quicker turnaround times.

2012

**EXPANSION**

Pendle relocates to a larger, purpose-built facility in Ilkley with a dedicated warehouse allowing even shorter lead times (now as little as 2 working days).

2020

**UPGRADE**

A state-of-the-art warehouse extension is completed, allowing stock capacity to grow to over £3 million.

## PENDLE 2.0 BALLS

All our 2.0 balls are made from a new 16 panel construction increasing the area that is in contact with the foot for a cleaner strike. 8 panel balls may also be supplied as standard.

The Enduro, Vortex and Elite are constructed using Thermo Fusion technology which uses high tension machine stitching and heat bonded sealed seams to create a consistent shape and reduce water intake.

They also have embossed grooves ensuring consistent flight through the air and a soft touch foam backing for a premium feel and better control.

The Vortex and Elite match balls have a textured abrasion resistant surface making them highly durable and reliable throughout the season.
